PROXY STATEMENT FOR Annual Meeting of Shareholders To Be Held on August 3, 2004

This proxy statement and the accompanying form of proxy have been mailed on or about July 2, 2004 to the shareholders of Common Stock of record as of June 25, 2004 (the "Record Date") of TEAMSTAFF, INC. ("TeamStaff"), a New Jersey corporation, in connection with the solicitation of proxies by the Board of Directors of TeamStaff for use at the Annual Meeting of Shareholders to be held on August 3, 2004 at 9:00 a.m. and at any adjournment thereof.

Solicitation, Voting and Revocability of Proxy

Shares of TeamStaff's Common Stock, par value \$.001 per share, represented by a properly executed proxy on the accompanying form will, unless contrary instructions are specified in the proxy, be voted **FOR** the election of two Class 2 Directors to hold office for a period of three years or until their successors are duly elected and qualified. Each share of common stock is entitled to one vote. Voting is on a noncumulative basis.

If your shares are held in an account at a brokerage firm or bank, you may submit your voting instructions by signing and timely returning the enclosed voting instruction form, by Internet or telephone (if available) at the address or telephone number shown on your voting instruction form, or by providing other proper voting instructions to the registered owner of your shares. If you either return your signed proxy or submit your proxy using the Internet or telephone procedures that may be available to you, your shares will be voted as you direct. IF THE ACCOMPANYING PROXY IS PROPERLY EXECUTED AND RETURNED, BUT NO VOTING DIRECTIONS ARE INDICATED THEREON, THE SHARES REPRESENTED THEREBY WILL BE VOTED FOR THE PROPOSAL SET FORTH IN THIS PROXY STATEMENT.

In addition, the proxy confers discretionary authority to the persons named in the proxy authorizing those persons to vote, in their discretion, on any other matters properly presented at the Annual Meeting of Shareholders. The Board of Directors is not currently aware of any such other matters.

Any proxy may be revoked at any time before it is voted. A shareholder may revoke a proxy by submitting a proxy bearing a later date or by notifying the Secretary of TeamStaff either in writing prior to the Annual Meeting or in person at the Annual Meeting. Revocation is effective only upon receipt of such notice by the Secretary of TeamStaff. Shareholders who hold their shares through a nominee or broker are invited to attend the meeting but must obtain a signed proxy from the broker in order to vote in person. Election of directors is by plurality vote, with the nominees receiving the highest vote totals to be elected as directors of TeamStaff. Accordingly, abstentions and broker non-votes will not affect the outcome of the election of directors. Abstentions and non-votes will, however, be considered as votes represented at the Annual Meeting solely for quorum purposes.

TeamStaff will bear the cost of the solicitation of proxies by the Board of Directors. The Board of Directors may use the services of its executive officers and certain directors to solicit proxies from shareholders in person and by mail, telegram and telephone. Arrangements may also be made with brokers, fiduciaries, custodians, and nominees to send proxies, proxy statements and other material to the beneficial owners of TeamStaff's common stock held of record by such persons, and TeamStaff may reimburse them for reasonable out-of-pocket expenses incurred by them in so doing.

The Annual Report to Shareholders for the fiscal year ended September 30, 2003, including financial statements, accompanies this proxy statement.

The principal executive offices of TeamStaff are located at 300 Atrium Drive, Somerset, New Jersey 08873; TeamStaff's telephone number is (732) 748-1700.

Independent Public Accountants; Fees Paid

On April 10, 2002, the Board of Directors of TeamStaff and its Audit Committee decided to change independent public accountants from Arthur Andersen LLP to Pricewaterhouse-Coopers, LLP for the fiscal year ending September 30, 2002. The change was made due to the uncertainties surrounding Arthur Andersen at the time.

Arthur Andersen's reports on TeamStaff's consolidated financial statements for each of the years ended September 30, 2001 and 2000 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. During the years ended September 30, 2001 and 2000 and through the date hereof, there were no disagreements with Arthur Andersen on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused them to make reference to the subject matter in connection with their report on our consolidated financial statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

During the years ended September 30, 2001 and 2000 and through April 10, 2002, TeamStaff did not consult PricewaterhouseCoopers with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on its consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

At a meeting held on December 10, 2002, prior to concluding their audit for fiscal 2002, PricewaterhouseCoopers expressed its opinion to the Audit Committee of TeamStaff that there were material weaknesses in TeamStaff's system of internal controls, including the adequacy, competency and reliability of operational and financial information, information systems and finance personnel. PricewaterhouseCoopers further stated that information had come to its attention, that if further investigated may materially impact the fairness or reliability of the previously issued financial statements for fiscal year 2001 and/or the financial statements to be issued for fiscal year 2002. PricewaterhouseCoopers also stated that due to an accounting error in the treatment of a supplemental retirement plan, a restatement and a reaudit of fiscal year 2001 would be required but it declined the engagement for the reaudit of fiscal year 2001.

In December 2002, PricewaterhouseCoopers further advised TeamStaff that it believed it would be essential to employ a new Chief Financial Officer and conditioned the continuance of its audit for fiscal year 2002 on the employment of a new Chief Financial Officer. PricewaterhouseCoopers acknowledged that in view of the foregoing, it was likely that TeamStaff would be unable to make a timely filing of its annual report for fiscal year 2002

In response to the foregoing advice from PricewaterhouseCoopers, the Audit Committee recommended to the Board of Directors that TeamStaff's Chief Financial Officer be relieved of his duties immediately, and a search for a new Chief Financial Officer be commenced. The Board accepted and implemented the recommendations of the Audit Committee in full. We began aggressively recruiting a new Chief Financial Officer (we employed Rick J. Filippelli as our new Chief Financial Officer in September 2003) and have established, and will continue to establish, new policies and procedures designed to improve the reliability and reporting of operational and financial information.

Our consolidated financial statements for fiscal year 2001 were audited by Arthur Andersen, which is no longer licensed to practice before the Securities and Exchange Commission. Therefore, the restatement of fiscal year 2001 would have required the reaudit of the fiscal year 2001 financial statements. PricewaterhouseCoopers advised the Audit Committee that it would not accept an engagement for the reaudit of fiscal year 2001 due to the internal control issues described above. In light of the need to engage a new auditor for fiscal year 2001, the Audit Committee determined that the interests of TeamStaff were best served by engaging new independent accountants willing to audit both fiscal year 2001 and fiscal year 2002.

2

On December 13, 2002 the Audit Committee dismissed PricewaterhouseCoopers and engaged Lazar Levine & Felix LLP to serve as TeamStaff's independent public accountants. In conducting the audit for the fiscal year ended September 30, 2002, Lazar expanded its testing of TeamStaff's internal controls, including information technology controls, to include the fiscal year ended September 30, 2001. This procedure was followed since the Arthur Anderson work papers were not readily available for review by Lazar and to investigate the concerns regarding internal controls raised by PricewaterhouseCoopers. As a result of this expanded testing, no material weaknesses in the systems were revealed and, based on these results, Lazar concluded that only an audit of one restatement adjustment, as discussed below, was appropriate, and a full reaudit of the fiscal year 2001 consolidated financial statements was not required.

Prior to its dismissal, PricewaterhouseCoopers had advised the Audit Committee that, in PricewaterhouseCoopers' opinion, TeamStaff should not have applied pension plan accounting to its supplemental retirement plan adopted on October 1, 2000, resulting in a material error requiring the restatement of the fiscal year 2001 financial statements. This would have resulted in an additional after-tax charge to earnings of approximately \$408,000 in fiscal year 2001. TeamStaff had engaged an independent firm to design the plan and had reviewed the plan's accounting treatment with Arthur Andersen prior to its certification of TeamStaff's fiscal year 2001 financial statements. Lazar advised the Audit Committee that it undertook its own analysis of the appropriate accounting treatment for the supplemental retirement plan. Lazar determined that the plan is indeed a pension plan and TeamStaff has accounted for it as such. Nevertheless, Lazar determined that a restatement of TeamStaff's fiscal year 2001 financial statements was appropriate due to the omission of a note in the fiscal year 2001 consolidated financial statements containing certain required disclosures for the plan. Further, an adjustment in the expense calculation of the plan resulted in a reduction in net income after-tax for fiscal year 2001 of \$76,000, from \$1,424,000 to \$1,348,000.

In light of the foregoing, TeamStaff determined that the conclusions reached by PricewaterhouseCoopers concerning TeamStaff's internal controls and financial and operational systems were not supported by Lazar's

independent analysis or TeamStaff's own assessment of its financial and operational systems.

During the period of PricewaterhouseCoopers's engagement, which commenced on April 10, 2002, there were no disagreements with PricewaterhouseCoopers on any matter of accounting principle or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to PricewaterhouseCoopers 's satisfaction, would have caused them to make reference to the subject matter in connection with their report on TeamStaff's consolidated financial statements. PricewaterhouseCoopers did not report on our consolidated financial statements for any fiscal year. PricewaterhouseCoopers expressed its opinion to the Audit Committee that there were material weaknesses in our system of internal controls, including the adequacy, competency and reliability of operational and financial information, information systems and finance personnel, as described above

During the years ended September 30, 2002 and 2001 and the interim periods up to and including the date of Lazar's engagement, TeamStaff did not consult Lazar with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on its consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

The Audit Committee has retained Lazar to serve as our independent accountants for the fiscal year ending September 30, 2004. Shareholders are not being asked to approve the selection of independent accountants for the fiscal year ending September 30, 2004 because such approval is not required under our Certificate of Incorporation or By-laws. The audit services provided by Lazar consist of examining financial statements, reviewing filings with the Securities and Exchange Commission, and consulting in regard to various accounting matters as permitted under the Sarbanes-Oxley Act of 2002. Representatives of Lazar are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

3

The following table presents the total fees paid for professional audit and non-audit services rendered by our independent auditors for the audit of our annual financial statements for the years ended September 30, 2003, and September 30, 2002, and fees billed for other services rendered by our independent auditors during those periods.

	Fiscal Years Ended September 30,						
		2003		2002			
Audit Fees (1)	\$	284,000	\$	503,000			
Audit-Related Fees (2)		34,000		0			
Tax Fees (3)		186,000		130,000			
All Other Fees (4)		24,000		231,000			
Total	\$	528,000	\$	864,000			

- (1) Audit services consist of audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards. During the fiscal year ended September 30, 2002, we paid and/or accrued an aggregate of \$293,000 to PricewaterhouseCoopers, \$15,000 to Arthur Andersen, and \$195,000 to Lazar, Levine & Felix LLP for fees related to the audit of our financial statements.
- (2) Audit-related services consist of assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements. During the fiscal year ended September 30, 2002, we did not pay any additional fees to our auditing firms for any assurance and related services related to such firms' audit services other than as reported under the caption "Audit Fees."
- (3) Tax services consist of all services performed by the independent auditor's tax personnel, except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice. During the fiscal year ended September 30, 2002, we paid and/or accrued an aggregate of \$26,000 to PricewaterhouseCoopers and \$104,000 to Lazar, Levine & Felix LLP for tax provision review and tax compliance services.
- (4) Other services consist of those service not captured in the other categories. During the fiscal year ended September 30, 2003, we paid and/or accrued an aggregate of \$24,000 to Lazar, Levine & Felix LLP. During the fiscal year ended September 30, 2002, we paid and/or accrued an aggregate of \$231,000 in fees to PricewaterhouseCoopers for various due diligence, advisory services and benefit reconciliations.

The Audit Committee of the Board of Directors has determined that the services provided by Lazar and the fees paid to it for such services has not compromised the independence of Lazar.

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor. Prior to engagement of the independent auditor for the next year's audit, management will submit a detailed description of the audit and permissible non-audit services expected to be rendered during that year for each of four categories of services provided by the independent auditor to the Audit Committee for approval. The four categories of services provided by the independent auditor are as defined in the footnotes to the fee table set forth above. In addition, management will also provide to the Audit Committee for its approval a fee proposal for the services proposed to be rendered by the independent auditor. Prior to the engagement of the independent auditor, the Audit Committee will approve both the description of audit and permissible non-audit services proposed to be rendered by the independent auditor and the budget for all such services. The fees are budgeted and the Audit

Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service.

During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires separate pre-approval before engaging the independent auditor. To ensure prompt handling of unexpected matters, the Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Voting Securities and Security Ownership of Certain Beneficial Owners and Management

The securities entitled to vote at the Annual Meeting are TeamStaff's common stock, \$.001 par value. Each share of common stock entitles its holder to one vote on each matter submitted to shareholders. The close of business on June 25, 2004 has been fixed as the Record Date for the determination of shareholders entitled to notice of and to vote at the meeting and any adjournment thereof. As of the Record Date, 15,765,881 shares of common stock were issued and outstanding, including an aggregate of 33,943 shares allocated to former holders of shares of common stock and Series A Preferred Stock of BrightLane.com, Inc. who have not yet turned in their shares for exchange. Voting of the shares of common stock is on a noncumulative basis.

The following table sets forth certain information as of the Record Date with respect to each director, each of the named executive officers as defined in Item 402(a)(3), and directors and executive officers of TeamStaff as a group, and to the persons known by TeamStaff to be the beneficial owner of more than five percent of any class of TeamStaff's voting securities.

Certain Reports

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires TeamStaff's directors and officers, and persons who own, directly or indirectly, more than 10% of a registered class of TeamStaff's equity securities, to file with the Securities and Exchange Commission reports of ownership and reports of changes in ownership of common stock and other equity securities of TeamStaff. Officers, directors and greater than 10% shareholders are required by SEC regulations to furnish TeamStaff with copies of all Section 16(a) forms that they file. Based solely on review of the copies of such reports received by TeamStaff, TeamStaff believes that all Section 16(a) filing requirements applicable to officers, directors and 10% shareholders were complied with during the fiscal year ended September 30, 2003.

ELECTION OF DIRECTORS

Our Certificate of Incorporation provides for the classification of the Board of Directors into three classes of Directors, each class as nearly equal in number as possible but not less than one Director, each to serve for a three-year term, staggered by class. The Certificate of Incorporation further provides that any class of directors of TeamStaff may be removed by the shareholders only for cause by the affirmative vote of the holders of at least 66 2/3% of the combined voting power of all outstanding voting stock, with vacancies on the Board being filled only by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum, or by the sole remaining director.

The affirmative vote of a plurality of the votes cast, voting together as a single class at the Annual Meeting of Shareholders, is required to elect the directors. All proxies received by the Board of Directors will be voted for the election as directors of the nominees listed below if no direction to the contrary is given. In the event that any nominee is unable to serve, the proxy solicited hereby may be voted, in the discretion of the proxies, for the

election of another person in his stead. The Board of Directors knows of no reason to anticipate that this will occur. No family relationship exists between any nominee for election as a director.

Pursuant to the terms of the Agreement and Plan of Merger dated as of March 6, 2001 among TeamStaff, Inc., BrightLane.com, Inc., and TeamSub, Inc. governing TeamStaff's acquisition of BrightLane, Wachovia Corporation had the right to nominate two persons to serve on the Board of Directors through the expiration of those directors' initial terms. These persons were David Carroll, who was a Class 2 Director, and Donald MacLeod, who was a Class 1 Director. However, during the 2002 fiscal year, both of these persons resigned from the Board. Wachovia declined to appoint a replacement for either person and advised TeamStaff that it would forgo its right with respect to one director. Similarly, pursuant to the Agreement and Plan of Merger governing TeamStaff's acquisition of BrightLane, Nationwide Financial Services, Inc., was granted the right to have one person serve on our Board. This person was Susan Wolken, who resigned from the Board as a Class 1 Director effective November 8, 2002. Wachovia, Nationwide Financial, Inc., TeamStaff, Inc. and BrightLane.com, Inc. were afforded the same right with respect to one director each.

Under TeamStaff's By-laws (except for the positions initially reserved for nominees of Wachovia, Nationwide, TeamStaff and BrightLane.com), the remaining members of the Board of Directors fill all

7

vacancies on the Board of Directors. Any person nominated by the Board of Directors to fill the vacancy will serve until completion of the term of the Class member being filled.

The terms of the Class 2 Directors expire at this Annual Meeting. The present Directors of TeamStaff nominated for re-election and election to TeamStaff's Board of Directors as Class 2 Directors at the Annual Meeting are Karl W. Dieckmann and T. Kent Smith. As stated above, David Carroll served as a Class 2 Director until his resignation on April 24, 2002. Donald W. Kappauf, TeamStaff's former President and Chief Executive Officer, served as a Class 2 Director until his resignation from the Board of Directors on September 15, 2003. Due to the resignation of Mr. Kappauf, there was only one director remaining as a Class 2 Director. In order to fill the vacancy in Class 2 caused by Mr. Kappauf's resignation, the Board of Directors has nominated Mr. T. Kent Smith, our Chief Executive Officer and currently serving as a Class 3 Director, for election as a Class 2 Director. Mr. Smith will resign as a Class 3 Director effective as of his election and qualification as a Class 2 Director.

Due to the events described above, our Board of Directors is currently constituted as set forth in the following table. The Class 2 Directors are the only Directors nominated for election at the Annual Meeting.

Name	Position with Company and Age	Director Continuously Since	Term Expires
	CLASS 2	_	
Karl W. Dieckmann	Vice Chairman, 76	1990	2004

T. Kent Smith* (Nominee for Election as a Class 2 Director)	Director and Chief Executive Officer, 47	2003	2005

^{*} T. Kent Smith currently serves as a Class 3 Director. As discussed above, Mr. Smith will resign as a Class 3 Director upon his election and qualification as a Class 2 Director.

Martin J. Delaney joined the Board of Directors in July 1998. Mr. Delaney is an attorney and a prominent healthcare executive who began his hospital management career in 1971 as an Assistant Administrator at Nassau County Medical Center. 16

October 1, 2000. Under the terms of the SERP, a participant receives a benefit sufficient to provide lump sum annual payments equal to approximately one-third of the participant's base salary on the date the participant becomes a participant. Payment of benefits commences when the participant reaches 65 years of age. The benefit under the SERP is subject to a seven-year vesting schedule (0%, 0%, 20%, 40%, 60%, 80%, 100%), based on the participant's original date of employment with TeamStaff and contingent on the participant's reaching age 55; provided, however, a participant's benefit becomes fully vested upon a change of control, as defined in the SERP, if within two years of the change of control there is a material change in the participant's job title or responsibilities or if the participant's employment is terminated by TeamStaff for any reason other than conviction for theft or embezzlement from TeamStaff. Additionally, if a participant retires by means of total disability (as defined in the SERP), the participant's benefit becomes fully vested and benefit payments commence as of the disability retirement date. The SERP does not provide a death benefit. Mr. Kappauf and Mr. Kelly were the only SERP participants.

SERP participants also were provided with a split dollar life insurance policy, insuring the life of the participant until the participant reached age 65. Although the participant was the owner of the Policy, TeamStaff paid all Policy premiums. Each participant had collaterally assigned the Policy to TeamStaff to secure repayment of the premiums through either its cash surrender value or the Policy proceeds. The participant's right to the Policy vested in accordance with the same schedule as the SERP and with similar change of control provisions. Upon the participant's 65th birthday (and in certain other circumstances provided by the Policy agreement), TeamStaff would release the collateral assignment of the Policy provided the participant released TeamStaff from all obligations it may have with respect to the participant (including those under the SERP). However, given the uncertainty of TeamStaff's ability to continue to maintain this payment arrangement in light of certain of the provisions of the Sarbanes-Oxley Act of 2002, TeamStaff had, with the President and Chief Executive Officer's consent, deferred paying Policy premiums on behalf of the Chief Executive Officer, pending review of the SERP to comply with the Sarbanes-Oxley Act. For the fiscal quarter ended December 31, 2002, TeamStaff paid the Chief Executive Officer a bonus in the amount of the Policy premiums, grossed-up to cover allocable income taxes. Pursuant to the severance agreement with Mr. Kappauf, in the event he were terminated for cause, he would be entitled only to his accrued compensation, which means his base salary, reimbursement of business expenses, vacation pay and earned but unpaid bonuses to the date of termination. "Cause" is defined to include conviction of a felony, an intentional and continual failure to substantially perform his duties or an intentional failure to follow or perform a lawful direction of the Board of Directors. If Mr. Kappauf were terminated for disability or death, he would be entitled to his accrued compensation and certain other payments, such as the pro rata bonus amount. The pro rata bonus amount is defined as the amount equal to the greater of the most recent annual bonus amount paid or the annual bonus paid or payable for the full fiscal year ended prior to the termination, in either case pro-rated through the date of death or disability. In the event that Mr. Kappauf's employment terminated for any other reason, the agreement provided for payment of his accrued compensation, a pro rata bonus amount, a bonus amount allocated to the remainder of the term of his employment agreement, his base salary through the remainder of the term of his employment agreement, a severance payment equal to one year's base compensation, a payment equal to the cost of health and other similar benefits for a period of two years and costs associated with outplacement services.

On June 18, 2003, Donald W. Kappauf relinquished his positions of President and Chief Executive Officer of TeamStaff. In light of the circumstances regarding the relinquishment by Mr. Kappauf of his positions, Mr. Kappauf may have had reason to terminate his employment with TeamStaff for "good reason" and exercise his rights under the severance agreement. The term good reason includes "a change in the [e]xecutive's status, title, position or responsibilities " In addition, TeamStaff may have been required to contribute funds to an irrevocable trust to meet the premium obligations of the split dollar life insurance policy granted to Mr. Kappauf in connection with the SERP.

The severance agreement with Mr. Kelly had terms which are substantially similar to those described above for Mr. Kappauf. Until December 10, 2002, Mr. Kelly held the positions of Chief

with TeamStaff and may have had claims for the severance payments and benefits provided by the severance agreement. The term good reason includes "a change in the [e]xecutive's status, title, position or responsibilities " In June 2003, Mr. Kelly notified the Board of Directors that he would terminate his employment, effective July 2, 2003, for "good reason" and exercise his rights under the severance agreement. Additionally, the change in Mr. Kelly's duties may have caused his benefits under the SERP to become fully vested.

In connection with the change in their employment status, TeamStaff engaged in negotiations with its former President and Chief Executive Officer and the former Chief Financial Officer regarding the payment of certain severance benefits and the satisfaction of TeamStaff's obligations to each of them under the SERP and the split dollar life insurance arrangements. On December 31, 2003, TeamStaff executed an agreement with its former President and Chief Executive Officer pursuant to which TeamStaff agreed to, among other things, release the collateral assignment of the split dollar life insurance policy as of December 31, 2003 and to accelerate the payment of certain agreed upon payments under the SERP in complete satisfaction of TeamStaff's obligations under the SERP. TeamStaff entered into a similar agreement with its former Chief Financial Officer effective as of December 30, 2003. That agreement also provided for the payment of severance and other benefits over time in satisfaction of TeamStaff's obligations to its former Chief Financial Officer under his severance agreement effective May 22, 2002.

Management Resources and Compensation Committee Report on Executive Compensation

This report is submitted by the management resources and compensation committee of the Board of Directors of TeamStaff. During the fiscal year ended September 30, 2003, the management resources and compensation committee was responsible for reviewing TeamStaff's stock option plans and reviewing and approving compensation matters concerning the executive officers.

Overview and Philosophy. TeamStaff uses its compensation program to achieve the following objectives:

- To provide compensation, as determined by the management resources and compensation committee, that attracts, motivates and retains the talented, high caliber officers and employees necessary to achieve TeamStaff's strategic objectives;
 - To align the interest of officers with the success of TeamStaff;
 - · To align the interest of officers with stockholders by including long-term equity incentives; and
 - · To increase the long-term profitability of TeamStaff and, accordingly, increase stockholder value.

TeamStaff also recognizes that the possibility of a termination without cause after a change in control of TeamStaff can create significant distractions for its key management personnel due to the uncertainties inherent in such situations. Under such circumstances, it is in the best interests of TeamStaff to:

- establish incentives to induce key executives and employees to remain in the employ of TeamStaff during the period a change of control transaction is under consideration,
- ensure executives agree to any restrictive covenant necessary to effectuate a transaction in the interests of the TeamStaff's shareholders, and
- align the interests of key employees with the shareholders with respect to specific transactions that may increase shareholder value but would also result in a change of control.

Compensation under the executive compensation program is comprised of cash compensation in the form of base salary, bonus compensation and automobile allowances. Executives are also granted severance plans providing various benefits upon a change of control of TeamStaff or termination of employment. In addition, the compensation program includes various other benefits, including medical

18

and insurance plans, TeamStaff's 401(k) Plan, which plans are generally available to all employees of TeamStaff. The committee considers the eligibility of certain executive officers in a supplemental executive retirement plan ("SERP") as discussed below.

The principal factors which the management resources and compensation committee considered with respect to each officer's compensation package for fiscal year ended September 30, 2003 are summarized below. The management resources and compensation committee may, however, in its discretion, apply different or additional factors in making decisions with respect to executive compensation in future years.

Base Salary. Compensation levels for each of TeamStaff's officers, including the Chief Executive Officer, are generally set within the range of salaries that the management resources and compensation committee believes is paid to officers with comparable qualifications, experience and responsibilities at similar companies. In setting compensation levels, the management resources and compensation committee takes into account such factors as (i) TeamStaff's past performance and future expectations, (ii) individual performance and experience and (iii) past salary levels. The management resources and compensation committee does not assign relative weights or ranking to these factors, but instead makes a determination based upon the consideration of all of these factors as well as the progress made with respect to TeamStaff's long-term goals and strategies. Base salary, while reviewed annually, is only adjusted as deemed necessary by the management resources and compensation committee in determining total compensation for each officer. Base salary levels for each of TeamStaff's officers, other than the Chief Executive Officer, were also based in part upon evaluations and recommendations made by the Chief Executive Officer.

Equity Incentives. The management resources and compensation committee believes that stock participation aligns officers' interests with those of the stockholders. In addition, the management resources and compensation committee believes that equity ownership by officers help to balance the short-term focus of annual incentive compensation with a longer-term view and may help to retain key executive officers. Long-term incentive compensation, generally granted in the form of stock options, allows the officers to share in any appreciation in the value of TeamStaff's common stock.

In making stock option grants, the management resources and compensation committee considers general corporate performance, individual contributions to TeamStaff's financial, operational and strategic objectives, the Chief Executive Officer's recommendations, level of seniority and experience, existing levels of stock ownership,

previous grants of restricted stock or options, vesting schedules of outstanding restricted stock or options and the current stock price. With respect to the compensation determination for the fiscal year ended September 30, 2003, TeamStaff employed a new Chief Executive Officer and a new Chief Financial Officer and the management resources and compensation committee awarded these new officers employee stock options as part of their compensation plans. During the fiscal year ended September 30, 2003, the management resources and compensation committee approved the grant of 518,000 options, 460,000 of which were granted to executive officers.

Other Benefits. TeamStaff also has various broad-based employee benefit plans. Executive officers participate in these plans on the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. TeamStaff offers a stock incentive plan and a 401(k) plan, which allows employees to invest in a wide array of funds on a pre-tax basis. TeamStaff also maintains insurance and other benefit plans for its employees, including executive officers of TeamStaff.

During the fiscal year ended September 30, 2001, the management resources and compensation committee created the supplemental executive retirement plan or SERP to provide retirement benefits comparable with plans offered executives in comparable positions at other companies. Each corporate executive whose eligibility is specifically approved by the management resources and compensation committee will receive a benefit sufficient to provide lump sum annual payments equal to approximately one-third of the participant's base salary in effect on the date the participant enters the Plan for a period of 15 years. Payment of benefits commences upon the executive's reaching 65 years of age. The commencement of benefit payments is accelerated in the event the participant becomes totally disabled prior to retirement. A split dollar life insurance policy also is in place for each

19

participant. The split dollar life insurance policy is designed to provide either a death benefit if the employee dies prior to retirement age, or, if the employee attains retirement age, the funds necessary for the payment of the SERP retirement benefit at retirement through the application of the policy's cash surrender value. At the present time, no current executive officers are participants in the SERP. Donald Kappauf and Donald Kelly, former executive officers, were the only participants in the SERP. The SERP became effective on October 1, 2000.

Chief Executive Officer Compensation. In the fiscal year ended September 30, 2003, until he relinquished his duties as Chief Executive Officer in June 2003, Mr. Donald Kappauf, received a base salary at the annual rate of \$300,000, which was equal to his base salary for the prior year. In the fiscal year ended September 30, 2002, Mr. Kappauf's base salary of \$300,000 represented a 12.3% increase from his base salary in fiscal 2001. The base salary is believed by the management resources and compensation committee to be consistent with the range of salary levels received by executives in a similar capacity in companies of comparable size. Mr. Kappauf did not receive a bonus during the fiscal year ended September 30, 2003 but he did receive severance benefits under his severance agreement dated May 2002, which represented, in part, a pro rata bonus based on his prior year's bonus payment. The terms of Mr. Kappauf's employment compensation were determined primarily pursuant to his employment agreement, which was entered into in April 2001.

In June 2003, T. Kent Smith was employed as TeamStaff's new Chief Executive Officer. Mr. Smith's compensation is determined pursuant to an employment agreement dated June 18, 2003, which provides for base compensation of \$250,000 per annum and a bonus, in the discretion of the management resources and compensation committee, of up to 50 % of his base salary. Mr. Smith was also awarded options to purchase 400,000 shares of Common Stock exercisable at \$3.00 per share subject to certain vesting requirements. During the interim period between June 18, 2003 and the end of fiscal 2003, Mr. Smith was awarded a bonus of \$35,616 in light of the difficult circumstances under which Mr. Smith was employed and the success he achieved in stabilizing TeamStaff's operations.

The management resources and compensation committee approved severance agreements for certain key executive employees that provide for the payment of six months base compensation in the event of a termination without cause.

Tax Deductibility of Executive Compensation. Section 162(m) of the Code limits the tax deduction to TeamStaff to \$1 million for compensation paid to any of the executive officers unless certain requirements are met. The management resources and compensation committee has considered these requirements and the regulations. It is the management resources and compensation committee's present intention that, so long as it is consistent with its overall compensation objectives, substantially all executive compensation be deductible for United States federal income tax purposes. The management resources and compensation committee believes that any compensation deductions attributable to options granted under the employee stock option plan currently qualify for an exception to the disallowance under Section 162(m). Future option grants to executive officers under the TeamStaff employee stock option plans will be granted by the management resources and compensation committee.

Stock Option Plans

In April 1990, the Board of Directors adopted the 1990 Employees Stock Option Plan (the "1990 Plan"), which was approved by shareholders in August 1990. The 1990 Plan provided for the grant of options to purchase up to 285,714 shares of TeamStaff's common stock. Under the terms of the 1990 Plan, options granted thereunder may be designated as options which qualify for incentive stock option treatment ("ISOs") under Section 422A of the Code, or options which do not so qualify ("Non-ISO's"). As of September 30, 2003, there were 8,621 options outstanding under the 1990 Plan.

In April 1990, the Board of Directors adopted the Non-Executive Director Stock Option Plan (the "1990 Director Plan"), which was approved by shareholders in August, 1991 and amended in March 1996. The Director Plan provided for issuance of a maximum of 142,857 shares of common stock upon the exercise of stock options arising under the Director Plan. As of September 30, 2003, there were 2,856 options held by directors outstanding under the 1990 Director Plan.

In April 1990, the Board of Directors adopted and in August 1990, TeamStaff's shareholders approved the Senior Management Incentive Plan (the "Management Plan") for use in connection with the issuance of stock, options and other stock purchase rights to executive officers and other key employees and consultants who render significant services to TeamStaff and its subsidiaries. A total of 1,428,571 shares of common stock were reserved for issuance under the Management Plan. As of September 30, 2003, there were 109,995 options outstanding under the Management Plan.

The foregoing plans have expired and options are no longer being granted under these plans.

21

2000 Employee Stock Option Plan

In the fiscal year 2000, the Board of Directors and shareholders approved the adoption of the 2000 Employees Stock Option Plan (the "2000 Plan") to provide for the grant of options to purchase up to 1,714,286 shares of TeamStaff's common stock to all employees, including senior management. The 2000 Plan replaces the 1990 Employee Plan and Senior Management Plans, both of which expired. Under the terms of the approved 2000 Plan, options granted there under may be designated as options which qualify for incentive stock option treatment ("ISOs") under Section 422A of the Code, or options which do not so qualify ("Non-ISO's"). As of September 30, 2003, there were 1,213,000 options outstanding under the 2000 Plan.

The 2000 Plan is administered by the Management Resources and Compensation Committee designated by the Board of Directors. The Management Resources and Compensation Committee has the discretion to determine the eligible employees to whom, and the times and the price at which, options will be granted; whether such options shall be ISOs or Non-ISOs; the periods during which each option will be exercisable; and the number of shares subject to each option. The Committee has full authority to interpret the 2000 Plan and to establish and amend rules and regulations relating thereto.

Under the 2000 Plan, the exercise price of an option designated, as an ISO shall not be less than the fair market value of the common stock on the date the option is granted. However, in the event an option designated as an ISO is granted to a ten percent (10%) shareholder (as defined in the 2000 Plan), such exercise price shall be at least 110% of such fair market value. Exercise prices of Non-ISO options may be less than such fair market value. The aggregate fair market value of shares subject to options granted to a participant, which are designated as ISOs and which become exercisable in any calendar year shall not exceed \$100,000.

The Management Resources and Compensation Committee may, in its sole discretion, grant bonuses or authorize loans to or guarantee loans obtained by an optionee to enable such optionee to pay the exercise price or any taxes that may arise in connection with the exercise or cancellation of an option. The Management Resources and Compensation Committee can also permit the payment of the exercise price in the common stock of the Corporation held by the optionee for at least six months prior to exercise.

Non-Executive Director Plan

In fiscal 2000, the Board of Directors and stockholders approved the adoption of the 2000 Non-Executive Director Stock Option Plan (the "Director Plan") to provide for the grant of options to non-employee directors of TeamStaff. Under the terms of the Director Plan, each non-executive director is automatically granted an option to purchase 5,000 shares upon joining the Board and each September 1st, pro rata, based on the time the director has served in such capacity during the previous year. The Directors' Plan also provides that directors, upon joining the Board, and for one (1) year thereafter, will be entitled to purchase restricted stock from TeamStaff at a price equal to 80% of the closing bid price on the date of purchase up to an aggregate purchase price of \$50,000. The Director Plan replaced the 1990 Director Plan, which expired in April 2000.

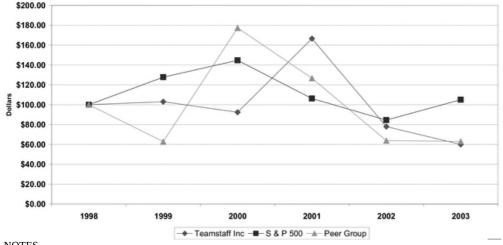

Under the Director Plan, the exercise price for options granted under the Director Plan shall be 100% of the fair market value of the common stock on the date of grant. Until otherwise provided in the Stock Option Plan, the exercise price of options granted under the Director Plan must be paid at the time of exercise, either in cash, by delivery of shares of common stock of TeamStaff or by a combination of each. The term of each option commences on the date it is granted and unless terminated sooner as provided in the Director Plan, expires five (5) years from the date of grant. The Committee has no discretion to determine which non-executive director or advisory board member will receive options or the number of shares subject to the option, the term of the option or the exercisability of the option. However, the Committee will make all determinations of the interpretation of the Director Plan. Options granted under the Director Plan are not qualified for incentive stock option treatment. As of September 30, 2003, there were 75,000 options held by directors outstanding under the Director Plan.

Certain Relationships and Related Transactions

For information concerning employment and severance agreements with, and compensation of, the Corporation's executive officers and directors, see "Executive Compensation." The Director Plan provides that directors, upon joining the Board, and for one year thereafter, will be entitled to purchase restricted stock from TeamStaff at a price equal to 80% of the closing bid price on the date of purchase up to an aggregate purchase price of \$50,000.

Effective August 31, 2001, TeamStaff, Inc. completed its acquisition of BrightLane. As a result of a reverse subsidiary merger with a subsidiary of TeamStaff, BrightLane is now a wholly owned subsidiary of TeamStaff. In connection with the transaction, persons holding BrightLane options to acquire approximately 2.1 million BrightLane shares (the equivalent of approximately 481,000 TeamStaff shares) exercised their options. TeamStaff made recourse loans of approximately \$1.0

23

million principal amount to the holders of these options to assist them in payment of tax obligations incurred with exercise of the options. The loans are repayable upon the earlier of (i) sale of the TeamStaff shares or (ii) three years. As of September 30, 2003, approximately \$0.7 million of these loans has been repaid or forgiven. All loans must be repaid in cash with the exception of one loan. Under the terms of TeamStaff's employment agreement with an executive officer of TeamStaff's BrightLane subsidiary, the loan (\$131,000) was forgiven over a two-year period of time. One of our current directors, Ben J. Dyer, was a former shareholder of Brightlane, and received a loan in the amount of \$67,840 in connection with the transaction. The loan was on the same terms as provided to all other option holders of BrightLane. The loan was made and repaid prior to Mr. Dyer joining the Board.

Wachovia Corporation, through an affiliate held all of the BrightLane Series B Preferred stock, and therefore owns 2,822,417 shares of TeamStaff's Common Stock (approximately 18%). In addition, Nationwide Financial Services, Inc. held all of the BrightLane Series C Preferred stock, and therefore owns 2,256,488 shares of TeamStaff's Common Stock (approximately 14%).

As part of its acquisition of BrightLane, completed in August 2001, TeamStaff entered into a two-year, extendable marketing relationship with First Union Corporation (renamed Wachovia). The Wachovia relationship provided TeamStaff with the ability to market its PEO services to Wachovia's small business customers through Wachovia's network of small business bankers. TeamStaff received written notice from Wachovia terminating the agreement effective as of October 14, 2003. Wachovia Corporation continues as a major shareholder of TeamStaff's stock.

Under the terms governing the BrightLane transaction, certain option holders were restricted from selling TeamStaff shares acquired from the exercise of their BrightLane options for a period of up to two years. T. Stephen Johnson and his spouse, Mary Johnson, also a former director of BrightLane, were the only option holders who exercised their options and who were subject to these lockup provisions. Due to the significant rise in TeamStaff's stock price and the significant increase in the amount of the tax loans to be made to T. Stephen Johnson and Mary Johnson, the Board of Directors of TeamStaff concluded it would be more appropriate to allow Mr. and Mrs. Johnson to sell a portion of their TeamStaff shares to cover their tax liability rather than carry a large loan receivable on TeamStaff's financial statements. The Board therefore agreed to allow the sale of up to 40% of Mr. and Mrs. Johnson's option shares (approximately 56,230 TeamStaff shares) as an exempt transaction under SEC Rule 16(b)(3).

In addition, pursuant to the agreements governing the BrightLane transaction, we registered for resale shares of our common stock issued to former BrightLane shareholders who would be deemed "affiliates" under SEC rules and regulations. The registration statement includes 6,096,946 shares of common stock owned by these persons. Certain former shareholders of BrightLane who are selling security holders, including Wachovia Corporation (formerly, First Union Corporation), Nationwide Financial Services and T. Stephen Johnson, agreed to the terms of a "lockup" agreement whereby they agreed that the shares of TeamStaff obtained by them may only be sold as follows: commencing on the first anniversary of the transaction (August 31, 2002) 50% of the acquired shares may be sold and commencing on the second anniversary the remaining shares may be sold. The Board of Directors has reserved the right to release all of part of the shares from the lockup prior to its expiration.
