DLH AWARDED ALL SEVEN DEPARTMENT OF VETERANS AFFAIRS CONSOLIDATED MAIL OUTPATIENT PHARMACY (CMOP) LOGISTICS CONTRACTS

Atlanta, Georgia – September 30, 2013—DLH Holdings Corp. (NASDAQ: DLHC), a technical services provider to Federal government agencies specializing in healthcare, logistics, and contingency response announced today that it has been awarded seven task orders to provide the Department of Veterans Affairs Consolidated Mail Outpatient Pharmacy (CMOP) logistics services. The maximum value of the award for the expected five year term, comprised of a base year and four one year options, is estimated at \$133 million. Performance is anticipated to commence on November 1, 2013. Under these task orders, DLH will provide medical logistics services to the VA's CMOP facilities, including packaging, handling and storage services. The CMOP program provides high volume automated mail order prescriptions to veterans using the VistA (Veterans Health Information System and Technology Architecture) system to support electronic health record requirements in compliance with HIPAA, FISMA, and other VA data security standards.

As the successful bidder for all seven task orders within the procurement, DLH secures its current contract base for the six regions that it presently supports. By adding the seventh region to its scope, DLH becomes the exclusive provider of these mission critical services to the Veterans Administration. We believe that the successful recompetition of this portfolio of 5 year contracts, in tandem with the 3 annual option years remaining under the CMOP Healthcare Professionals contract, provides DLH with an unprecedented level of stability in support of its ongoing operations and long-term growth.

“We are committed to the mission of the CMOPs and continue to pursue avenues for leveraging technology and processes to improve productivity, quality and lower costs. We look forward to continuing the privilege of serving our nation’s heroes and partnering with the VA to enhance access to pharmaceuticals for veterans across the U.S.,” said DLH Chief Executive Officer, Zachary Parker. “We have proven expertise in providing quality healthcare and logistics services, and we pride ourselves on delivering best-in-class customer service to our nation’s veterans. It’s who we are. It’s what we do.”

DLH Solutions President, Kevin Wilson, noted: “winning the VA CMOP medical logistics contract fits perfectly into DLH’s strategic plan for growth and expanding its portfolio of support with the VA. In addition, as part of our core company objectives, we strive to deliver mission-centric solutions that simultaneously lower error rates and operational support costs for the Veterans Health Administration as it supports each VISN throughout the United States. We’re honored to have this opportunity and pleased with the confidence entrusted in us to ensure that the needs of our nation’s veterans are being met.”
