PROXY STATEMENT

Information Regarding Voting and Solicitation of Proxies

General

This Proxy Statement and the accompanying form of proxy are being furnished to you as a shareholder of TeamStaff, Inc., a New Jersey corporation ("TeamStaff" or the "Company"), in connection with the Annual Meeting of Shareholders to be held on August 21, 2007 at 9:00 a.m. at the Somerset Plaza Hotel, 110 Davidson Avenue, Somerset, New Jersey 08873, and at any adjournment or postponement of that meeting (the "Annual Meeting").

This Proxy Statement and the accompanying form of proxy will be first sent on or about July 20, 2007 to shareholders entitled to vote at the Annual Meeting.

Voting; Quorum and Revocability of Proxy

The Company's common stock, par value \$0.001 per share ("Common Stock"), is the only type of voting security issued and only holders of Common Stock are entitled to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote. Voting is on a non-cumulative basis. Only shareholders of record at the close of business on July 13, 2007 are entitled to notice of and to vote at the Annual Meeting. As of that record date, there were 19,283,366 shares of the Company's Common Stock outstanding.

The presence, either in person or by proxy, of the holders of a majority of the outstanding shares of the Company's Common Stock is necessary to constitute a quorum permitting action to be taken at the Annual Meeting. Abstentions and broker non-votes are counted as present at the Annual Meeting for the purpose of determining the presence of a quorum.

Shares of TeamStaff's Common Stock, represented by a properly executed proxy on the accompanying form will, unless contrary instructions are specified in the proxy, be voted **FOR**:

Proposal I — The election of three Class II Directors to hold office for a period of three years until 2010 or until their successors are duly elected and qualified.

The Board of Directors does not know of any other matter to be brought before the Annual Meeting. If any other matter does properly come before the Annual Meeting, the Board of Directors intends that the persons named in the enclosed form of proxy will vote on such matter in accordance with their judgment.

If your shares are held in an account at a brokerage firm or bank, you may submit your voting instructions by signing and returning the enclosed voting instruction form in accordance with the instructions included at the address or telephone number shown on your voting instruction form or by providing other proper voting instructions to the registered owner of your shares. If you return your signed proxy in a timely manner, your shares will be voted as you direct. If the accompanying proxy is properly executed and returned, but no voting directions are indicated thereon, the shares represented thereby will be voted **FOR** each of the proposals set forth in this Proxy Statement.

Any proxy may be revoked at any time before it is voted at the Annual Meeting. A shareholder may revoke a proxy by submitting a proxy bearing a later date or by notifying the Secretary of TeamStaff either in writing prior to the Annual Meeting or in person at the Annual Meeting. Revocation is effective only upon receipt of such notice by the Secretary of TeamStaff. Shareholders who hold their shares through a nominee or broker are invited to attend the Annual Meeting but must obtain a signed proxy from the broker in order to vote in person.

Election of directors is by plurality vote, with the nominees receiving the highest vote totals to be elected as directors of TeamStaff. Accordingly, abstentions and broker non-votes will not affect the outcome of the election of directors. Abstentions and non-votes will, however, be considered as votes represented at the Annual Meeting solely for quorum purposes.

Solicitation of Proxies

TeamStaff will bear the cost of the solicitation of proxies by the Board of Directors. The Board of Directors may use the services of its executive officers and certain directors to solicit proxies from shareholders in person and by mail, telegram and telephone. Arrangements may also be made with brokers, fiduciaries, custodians and nominees to send proxies, proxy statements and other material to the beneficial owners of TeamStaff's Common Stock held of record by such persons, and TeamStaff may reimburse them for reasonable out-of-pocket expenses incurred by them in so doing.

Presentation at Meeting. For any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph) but is instead sought to be presented directly at next year's annual meeting, SEC rules permit our management to vote proxies in its discretion if (a) our management receives notice of the proposal before the close of business on April 23, 2008 and advises stockholders in next year's proxy statement about the nature of the matter and how it intends to vote on such matter, or (b) our management does not receive notice of the proposal prior to the close of business on May 23, 2008.

Procedure to be Followed by Shareholders in Submitting Director Candidate Recommendations. Any shareholder who desires the Nominating and Corporate Governance Committee to consider one or more candidates for nomination as a director should, either by personal delivery or by United States mail, postage prepaid, deliver a written recommendation addressed to the Chairman, TeamStaff, Inc. Nominating and Corporate Governance Committee at 1 Executive Drive, Suite 130, Somerset, New Jersey 08873, Georgia 30309, not later than (i) with respect to an election to be held at an annual meeting of shareholders, 90 days prior to the anniversary date of the immediately preceding annual meeting or if an annual meeting has not been held in the preceding year, 90 days prior the first Tuesday in April; and (ii) with respect to an election to be held at a special meeting of shareholders for the election of directors, the close of business on the tenth day following the date on which notice of such meeting is first given to shareholders. Each written recommendation should set forth: (a) the name and address of the shareholder making the recommendation and of the person or persons recommended; (b) the consent of such person(s) to serve as a director(s) of the Company if

nominated and elected; and (c) a description of how the person(s) satisfy the General Criteria for consideration as a candidate referred to below in the section entitled "Nominating and Corporate Governance Matters."

Additional Criteria for Notice of Shareholder Nominees. In accordance with our By-Laws, any shareholder entitled to vote in the election of directors generally may nominate one or more persons for election as directors at a meeting only if written notice of such shareholder's intent to make such nomination or nominations has been given, either by personal delivery or by United States mail, postage prepaid, to the Secretary of the Company in accordance with the terms described in the preceding paragraph. Each such notice shall set forth: (a) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (d) such other information regarding each nominee proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission ("SEC"); and (e) the consent of each nominee to serve as a director of the Company if so elected.

Shareholder Communications With the Board

Any shareholder may communicate with the Board of Directors in writing through the Company's Corporate Secretary (at TeamStaff, Inc., 1 Executive Drive, Suite 130, Somerset, New Jersey 08873) provided that the communication identifies the shareholder and the number and type of securities held by that shareholder. The Secretary reviews such communications, and forwards them to the Board of Directors unless the Secretary, in consultation with the Chief Executive Officer, determines that the communication is inappropriate for the Board's consideration (for example, if it relates to a personal grievance or is unrelated to Company business). The Secretary maintains a permanent written record of all such shareholder communications received by the Secretary. This process was unanimously approved by the Nominating and Corporate Governance Committee of the Board of Directors (which is comprised of independent directors).

It is the Company's policy that except in the event of unexpected or unusual circumstances, all directors are expected to be present at the Annual Meeting of Shareholders. During the Annual Meeting of Shareholders held

PROPOSAL I — ELECTION OF DIRECTORS

Board Structure and Nominees

Our Certificate of Incorporation provides for the classification of the Board of Directors into three classes of directors, each class as nearly equal in number as possible, but not less than one director, and each director to serve for a three-year term, staggered by class. The Certificate of Incorporation provides that any class of directors of TeamStaff may be removed by the shareholders only for cause by the affirmative vote of the holders of at least 66-2/3% of the combined voting power of all outstanding voting stock. Any vacancies on the Board are filled by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum, or by the sole remaining director. Any person nominated by the Board of Directors to fill the vacancy will serve until completion of the term of the Class member being filled.

The affirmative vote of a plurality of the votes cast, voting together as a single class at the Annual Meeting of Shareholders, is required to elect the directors. All proxies received by the Board of Directors will be voted for the election as directors of the nominees listed below if no direction to the contrary is given. In the event that any nominee is unable to serve, the proxy solicited hereby may be voted, in the discretion of the proxies, for the election of another person in his stead. The Board of Directors knows of no reason to anticipate that this will occur. No family relationship exists between any nominee for election as a director.

The Chairman of the Nominating and Corporate Governance Committee received \$2,500 per month. All other non-employee directors received \$1,667 per month. All non-employee Board members received \$1,500 for each in-person Board meeting attended and \$750 for each telephonic Board meeting in which they participated. All committee members received \$600 for each in-person meeting attended and \$300 for each telephonic committee meeting in which they participated. The Chairman of each committee received \$1,000 for each in-person committee meeting attended and \$500 for each telephonic meeting in which he participated. Non-employee Directors also received \$1,000 for each in-person meeting with Company executives that did not constitute Board or Committee meetings. Non-employee Board members also received reimbursement of their Board-related travel, cell phone and similar expenses. The Directors’ Plan also provided that directors, upon joining the Board, and for one (1) year thereafter, were entitled to purchase restricted stock from TeamStaff at a price equal to 80% of the closing bid price on the date of purchase up to an aggregate purchase price of \$50,000.

Effective January 19, 2007, the Board of Directors changed the compensation terms for non-employee Board members. The Board agreed to forego all cash compensation in lieu of restricted

stock grants. Each non-employee Board member will receive an initial grant under the Company’s 2006 Long-Term Incentive Plan of 15,000 shares of restricted stock following the 2007 annual meeting of shareholders. Additionally, for each Board committee on which such non-employee Board member serves, the Board member will receive a grant of 2,500 shares of restricted stock following the 2007 annual meeting of shareholders. Fifty percent (50%) of all such shares of restricted stock shall vest when the volume-weighted average share price of the Company’s Common Stock over any 20 consecutive trading days exceeds the price on the date of grant by 20%, with the remaining fifty percent (50%) vesting one year thereafter. Future annual grants shall be determined by the Company’s Compensation Committee. Non-employee Board members also receive reimbursement of their Board-related travel, cell phone and similar expenses.

Stock Option Plans

2006 Long Term Incentive Plan

The Board of Directors adopted the 2006 Long-Term Incentive Plan (the "2006 Plan") on January 17, 2006. The shareholders approved the 2006 Plan at the annual meeting on April 27, 2006. The Company reserved an aggregate of 5,000,000 shares of Common Stock for issuance under the 2006 Plan. The maximum number of shares of Common Stock that may be delivered to participants under the 2006 Long-Term Incentive Plan equals the sum of: (a) 5,000,000 shares of Common Stock; (b) any shares subject to awards granted under the 2000 Employee Stock Option Plan and the 2000 Non-Executive Director Stock Option Plan (collectively, the "2000 Plans"), which are forfeited, expired, canceled or settled in cash without delivery of such shares to the participant or otherwise is terminated without a share issuance; (c) any shares tendered by participants or withheld in payment of the exercise price of options or to satisfy withholding taxes under the 2000 Plans; and (d) any shares repurchased with the proceeds of options exercised under the 2000 Plans. As of September 30, 2006, there were 220,000 shares of restricted stock outstanding under the 2006 Plan. As of the Record Date, there were 260,000 shares of restricted stock outstanding under the 2006 Plan.

The 2006 Plan is administered by the Management Resources and Compensation Committee. The 2006 Plan authorizes the Compensation Committee to select those participants to whom awards may be granted, to determine whether and to what extent awards are granted, to determine the number of shares of Common Stock or other considerations to be covered by each award, to determine the terms and conditions of awards, to amend the terms of outstanding awards, and to take any other action consistent with the terms of the 2006 Plan as the Compensation Committee deems appropriate.

The Compensation Committee is authorized to make any type of award to a participant that is consistent with the provisions of the 2006 Plan. Awards may consist of options, stock appreciation rights, restricted stock, restricted stock units, performance shares, cash awards or any combination of these types of awards.

Subject to the terms of the 2006 Plan, the Compensation Committee determines the provisions, terms and conditions of each award. The Compensation Committee may grant awards subject to vesting schedules or restrictions and contingencies in the Company's favor. However, the awards may be subject to acceleration such that they become fully vested, exercisable and released from any restrictions or contingencies upon the occurrence of a change of control (as defined in the 2006 Plan). The Compensation Committee may provide that stock-based awards earn dividends or dividend equivalents, which may be paid in cash or shares or may be credited to an account designated in the name of the participants. Participants may also be required or permitted to defer the issuance of shares or cash settlements under awards including under other deferred compensation arrangements of the Company. Each option granted under the 2006 Plan will be designated as either an incentive stock option or a non-statutory stock option. No option or stock appreciation right may be granted with a term of more than 10 years from the date of grant.

Performance shares or cash awards will depend on achievement of performance goals based on one or more performance measures determined by the Compensation Committee over a performance period as prescribed by the Compensation Committee of not less than one year and not more than five years. Performance goals may be established on a corporate-wide basis or as to one or more business units, divisions or subsidiaries, and may be in either absolute terms or relative to the performance of one or more comparable companies on an index covering multiple companies. "Performance measures" means criteria established by the Compensation Committee from time to time prior to granting the performance shares or cash awards.

The 2006 Plan authorizes the Compensation Committee to grant options and stock appreciation rights at an exercise price of not less than 100% of the fair market value of the shares on the date of grant. The Compensation Committee has the right to provide post-grant reduction in exercise price to

reflect any floating index as specified in an award agreement. The exercise price is generally payable in cash, check, surrender of pre-owned shares of Common Stock, broker-dealer exercise and sale, or by such other means determined by the Compensation Committee.

The exercise price for any outstanding option or stock appreciation right may not be decreased after the date of grant, nor may any outstanding option or stock appreciation right be surrendered as consideration for the grant of a new option or stock appreciation right with a lower exercise price.

2000 Employee Stock Option Plan

In the 2000 fiscal year, the Board of Directors and shareholders approved the adoption of the 2000 Employees Stock Option Plan (the "2000 Employee Plan") to provide for the grant of options to purchase up to 1,714,286 shares of TeamStaff's Common Stock to all employees, including senior management. The 2000 Employee Plan replaced the 1990 Employee Plan and Senior Management plan, both of which expired. Under the terms of the approved 2000 Employee Plan, options granted under the 2000 Employee Plan may be designated as options which qualify for incentive stock option treatment ("ISOs") under Section 422A of the Code, or options which do not so qualify ("Non-ISO's"). As of September 30, 2006, there were 753,000 options outstanding under the 2000 Employee Plan. As of the Record Date, there were 151,000 options outstanding under the 2000 Employee Plan.

The 2000 Employee Plan is administered by the Compensation Committee designated by the Board of Directors. The Compensation Committee has the discretion to determine the eligible employees to whom, and the times and the price at which, options will be granted; whether such options shall be ISOs or Non-ISOs; the periods during which each option will be exercisable; and the number of shares subject to each option. The Compensation Committee has full authority to interpret the 2000 Employee Plan and to establish and amend rules and regulations relating thereto.

Under the 2000 Employee Plan, the exercise price of an option designated as an ISO may not be less than the fair market value of the common stock on the date the option is granted. However, in the event an option designated as an ISO is granted to a ten percent (10%) shareholder (as defined in the 2000 Employee Plan), such exercise price shall be at least 110% of such fair market value. Exercise prices of Non-ISO options may be less than such fair market value.

The aggregate fair market value of shares subject to options granted to a participant, which are designated as ISOs and which become exercisable in any calendar year shall not exceed \$100,000.

The Compensation Committee may, in its sole discretion, grant bonuses or authorize loans to or guarantee loans obtained by an optionee to enable such optionee to pay the exercise price or any taxes that may arise in connection with the exercise or cancellation of an option. The Compensation Committee can also permit the payment of the exercise price in the Common Stock of the Company held by the optionee for at least six months prior to exercise.

2000 Non-Executive Director Plan

In the fiscal year 2000, the Board of Directors and shareholders approved the adoption of the 2000 Non-Executive Director Stock Option Plan (the "Director Plan") to provide for the grant of options to non-employee directors of TeamStaff. Under the terms of the Director Plan, each non-executive director is automatically granted an option to purchase 5,000 shares upon joining the Board and each September 1st, pro rata, based on the time the director has served in such capacity during the previous year. The Director Plan also provides that directors, upon joining the Board, and for one (1) year thereafter, will be entitled to purchase restricted stock from TeamStaff at a price equal to 80% of the closing bid price on the date of purchase up to an aggregate purchase price of \$50,000. The Director Plan replaced the 1990 Director Plan, which expired in April 2000.

Under the Director Plan, the exercise price for options granted under the Director Plan is 100% of the fair market value of the Common Stock on the date of grant. Until otherwise provided in the Stock Option Plan, the exercise price of options granted under the Director Plan must be paid at the

time of exercise, either in cash, by delivery of shares of Common Stock of TeamStaff or by a combination of each. The term of each option commences on the date it is granted and unless terminated sooner as provided in the Director Plan, expires five (5) years from the date of grant. The Compensation Committee has no discretion to determine which non-executive director or advisory board member will receive options or the number of shares subject to the option, the term of the option or the exercisability of the option. However, the Compensation Committee will make all determinations of the interpretation of the Director Plan. Options granted under the Director Plan are not qualified for incentive stock option treatment. As of September 30, 2006, there were 140,000 options held by directors outstanding under the Director Plan. As of the Record Date, there were 130,000 options outstanding under the Director Plan.

50,000 Shares will vest on September 30, 2008, subject to the Company achieving four prior consecutive quarters of EBITDA profitability, and (c) 50,000 Shares will vest on September 30, 2009 subject to at least a 50% improvement in EBITDA profitability in fiscal 2009 as compared to fiscal 2008; (6) Severance Amount: "Severance Amount" in the Filippelli Agreement is amended to mean the aggregate sum of one year's base salary, payable on the Termination Date (as defined therein); "Continuation Period" in the Filippelli Agreement is modified to mean the period of one (1) year; and (7) If Mr. Filippelli's employment is terminated for any reason, Mr. Filippelli retains any stock options, restricted stock or other incentive compensation that has vested upon such termination in accordance with the terms and conditions of the Company's 2006 Long Term Incentive Plan, and all accrued and unused vacation time will be paid out on the Termination Date. Management Resources and Compensation Committee Report on Executive Compensation

This report is submitted by the Management Resources and Compensation Committee of the Board of Directors of TeamStaff. During the fiscal year ended September 30, 2006, the Management Resources and Compensation Committee was responsible for reviewing TeamStaff's stock option plans and reviewing and approving compensation matters concerning the executive officers and senior management of TeamStaff. Further, the Management Resources and Compensation Committee balances compensation among TeamStaff's executive officers and senior management.

Overview and Philosophy. TeamStaff uses its compensation program to achieve the following objectives:

- To provide compensation, as determined by the Management Resources and Compensation Committee, that attracts, motivates and retains the talented, high caliber officers and employees necessary to achieve TeamStaff's strategic objectives;
- To align the interest of officers with the success of TeamStaff;
- To align the interest of officers with shareholders by including long-term equity incentives; and
- To increase the long-term profitability of TeamStaff and, accordingly, increase shareholder value.

Compensation under the executive compensation program is comprised of cash compensation in the form of base salary and bonus compensation. Executives are also granted severance plans providing various benefits upon termination of employment without cause and, in some cases (including the Chief Executive Officer), a change of control of TeamStaff. In addition, the compensation program includes various other benefits, including medical and insurance plans and TeamStaff's 401(k) Plan. These plans are generally available to all employees of TeamStaff.

The principal factors that the Management Resources and Compensation Committee considered with respect to each officer's compensation package for fiscal year ended September 30, 2006 are summarized below. The Management Resources and Compensation Committee may apply different or additional factors in making decisions with respect to executive compensation in future years, at its discretion.

Base Salary. Compensation levels for each of TeamStaff's officers, including the Chief Executive Officer, are generally set within the range of salaries that the Management Resources and Compensation Committee believes is paid to officers with comparable qualifications, experience and responsibilities at similar companies. In setting compensation levels, the Management Resources and Compensation Committee takes into account such factors as (i) TeamStaff's past performance and future expectations, (ii) individual performance and experience and (iii) past salary levels. The

Management Resources and Compensation Committee does not assign relative weights or ranking to these factors, but instead makes a determination based upon the consideration of all of these factors as well as the progress made with respect to TeamStaff's long-term goals and strategies. Base salary, while reviewed annually, is only adjusted as deemed necessary by the Management Resources and Compensation Committee in determining total compensation for each officer. Base salary levels for each of TeamStaff's officers, other than the Chief Executive Officer, are also based in part upon evaluations and recommendations made by the Chief Executive Officer.

Equity Incentives. The Management Resources and Compensation Committee believes that stock participation aligns officers' interests with those of the shareholders. In addition, the Management Resources and Compensation Committee believes that equity ownership by officers helps to balance the short-term focus of annual incentive compensation with a longer-term view and may help to retain key executive officers. Long-term incentive compensation allows the officers to share in any appreciation in the value of TeamStaff's common stock.

In making grants, the Management Resources and Compensation Committee considers general corporate performance, individual contributions to TeamStaff's financial, operational and strategic objectives, the Chief Executive Officer's recommendations, level of seniority and experience, existing levels of stock ownership, previous grants of restricted stock or options, vesting schedules of outstanding restricted stock or options and the current stock price. During the fiscal year ended September 30, 2006, the Management Resources and Compensation Committee approved the grant of 220,000 shares of restricted stock, 140,000 of which were granted to named executive officers, as follows: 60,000 to T. Kent Smith, 50,000 to Rick Filippelli and 30,000 to James Houston.

Other Benefits. TeamStaff also has various broad-based employee benefit plans. Executive officers participate in these plans on the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. TeamStaff offers a 401(k) plan, which allows employees to invest in a wide array of funds on a pre-tax basis. TeamStaff also maintains insurance and other benefit plans for its employees, including the executive officers of TeamStaff.

Chief Executive Officer Compensation. In the fiscal year ended September 30, 2006, T. Kent Smith, then TeamStaff's Chief Executive Officer, received a base salary at the annual rate of \$250,000, which was the same as his base salary during the prior fiscal year. TeamStaff employed Mr. Smith as its Chief Executive Officer in June 2003 and paid an aggregate amount of \$250,000 to him as base salary for his services as Chief Executive Officer during the period October 1, 2005 through September 30, 2006. Mr. Smith's compensation was determined pursuant to an employment agreement dated June 30, 2005.

The term of Mr. Smith's agreement commenced on October 1, 2005 and was scheduled to terminate on September 30, 2007. The material terms of Mr. Smith's employment agreement provided for a base salary of \$250,000 per annum and standard Company executive benefits. On January 19, 2007, TeamStaff and Mr. Smith entered into a formal separation agreement that became effective on January 29, 2007. Pursuant to the separation agreement, Mr. Smith resigned as an officer and a director of TeamStaff and (i) received continuation benefits for life insurance and long-term disability only and accrued compensation for vacation pay, floating holidays and outstanding expense reports; and (ii) will receive base salary under the agreement through and including September 30, 2007 in accordance with the Company's regular payroll dates.

Compensation of Executive Officers Other Than the CEO During Fiscal Year 2006. For the fiscal year ended September 30, 2006, executive officers other than the Chief Executive Officer received base salaries and bonuses which the Management Resources and Compensation Committee believes reflected industry standards, prevailing compensation practices in similar companies with which TeamStaff competes for executive talent, the seniority and skill level of the executive officer, TeamStaff's performance, and each executive officer's contribution thereto. Base salaries and bonuses paid to our named executive officers for the fiscal year ended September 30, 2006 are as set forth in the table provided above under the heading "Executive Compensation — Summary Compensation Table."

The Management Resources and Compensation Committee periodically reviews the number of vested and unvested options held by executive officers and makes stock grants to these executives to provide greater incentives to continue employment with TeamStaff and to strive to increase stockholder value. Stock options typically have been granted to executive officers when the executive first joins TeamStaff, in connection with a significant change in responsibilities and, occasionally, to achieve equity within a peer group. During the fiscal year ended September 30, 2006, the Management Resources and Compensation Committee granted awards of restricted stock to executive officers, as described in the section entitled "Executive Compensation — Restricted Stock Grants in Last Fiscal Year." The primary factors upon which specific grants made by the Management Resources and Compensation Committee during fiscal year 2006 were based are the executive's past performance, anticipated future contribution, consistency within the executive's peer group, prior option grants to the executive officer, the percentage of outstanding equity owned by the executive, the level of vested and unvested options, competitive market practices, and the executive's responsibilities and performance. The Management Resources and Compensation Committee does not set specific target levels for options granted to named executive officers or for the CEO but seeks to be competitive with similar companies.

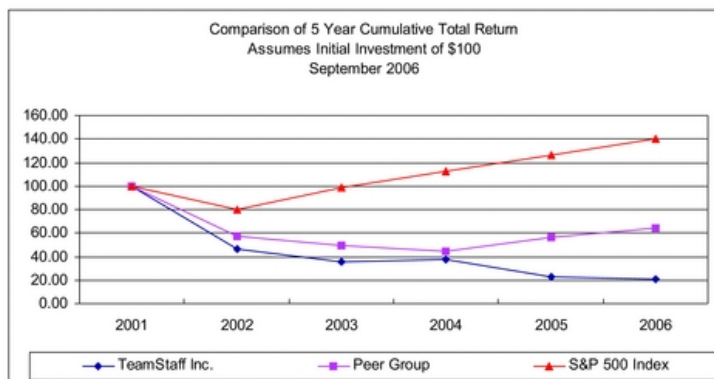

Tax Deductibility of Executive Compensation. Section 162(m) of the Code limits the tax deduction to TeamStaff to \$1 million for compensation paid to any of the executive officers unless certain requirements are met. The Management Resources and Compensation Committee has considered these requirements and the regulations. It is the Management Resources and Compensation Committee's present intention that, so long as it is consistent with its overall compensation objectives, substantially all executive compensation be deductible for United States federal income tax purposes. The Management Resources and Compensation Committee believes that any compensation deductions attributable to options granted under the employee stock option plan currently qualify for an exception to the disallowance under Section 162(m).

Independent Public Accountants; Fees Paid

The Audit Committee has retained Lazar, Levine & Felix, LLP (“Lazar”) to serve as our independent accountants for the first two (2) quarters of fiscal year ending September 30, 2007. The audit services provided by Lazar consist of examining financial statements, reviewing filings with the SEC, and consulting in regard to various accounting matters as permitted under the Sarbanes-Oxley Act of 2002. Representatives of Lazar are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

The following table presents the total fees paid for professional audit and non-audit services rendered by our independent auditors for the audit of our annual financial statements for the years ended September 30, 2006, and September 30, 2005, and fees billed for other services rendered by our independent auditors during those periods.

	Fiscal Years Ended September 30,	
	2006	2005
Audit Fees (1)	\$ 180,000	\$ 132,000
Audit-Related Fees (2)	1,000	94,000
Tax Fees (3)	149,000	198,000
All Other Fees (4)	10,000	1,000
Total	<u>\$ 340,000</u>	<u>\$ 425,000</u>

- (1) Audit services consist of audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.
- (2) Audit-related services consist of assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions and special procedures required to meet certain regulatory requirements.
- (3) Tax services consist of all services performed by the independent auditor’s tax personnel, except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.
- (4) Other services consist of those service not captured in the other categories.

The Audit Committee of the Board of Directors has determined that the services provided by Lazar and the fees paid to it for such services has not compromised the independence of Lazar.

Shareholders are not being asked to approve the selection of independent accountants for the final two (2) quarters of the fiscal year ending September 30, 2007 because such approval is not required under our Certificate of Incorporation or By-laws.

On July 11, 2007, TeamStaff, Inc. dismissed Lazar as the Company’s independent registered public accounting firm and engaged WithumSmith + Brown, P.C. (“Withum”) as its new independent registered public accounting firm to audit the Company’s financial statements for the fiscal year ending September 30, 2007. The Company’s decision to change its independent registered public accounting firm was the result of a competitive bidding process involving several accounting firms, including Lazar. The decision to dismiss Lazar and engage Withum was made and approved by the Audit Committee of the Board of Directors of TeamStaff.

The reports of Lazar on the financial statements of the Company for each of the past two fiscal years, contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle. During the Company’s two most recent fiscal years and through July 11, 2007, there have been no disagreements with Lazar on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of Lazar would have caused them to make reference thereto in their reports on the financial statements of the Company for such years. During the Company’s two most recent fiscal years and through July 11, 2007, there have been no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K).

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor. Prior to engagement of the independent auditor for the next year’s audit, management will submit a detailed description of the audit and permissible non-audit services expected to be rendered during that year for each of four categories of services provided by the independent auditor to the Audit Committee for approval. The four categories of services provided by the independent auditor are as defined in the footnotes to the fee table set forth above. In addition, management will also provide to the Audit Committee for its approval a fee proposal for the services proposed to be rendered by the independent auditor. Prior to the engagement of the independent auditor, the Audit Committee will approve both the description of audit and permissible non-audit services proposed to be rendered by the independent auditor and the budget for all such services. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service.

During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires separate pre-approval before engaging the independent auditor. To ensure prompt handling of unexpected matters, the Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.
